"See Ya Later" Foundation Code of Conduct

The "See Ya Later" Foundation Board desires to provide an encouraging, uplifting and safe atmosphere in every opportunity given through the Foundation. Integrity and Kindness are important to us. In order to progress consistently toward the organization's goals, "See Ya Later" Foundation has drafted the following guidelines regarding volunteer involvement. Please read them thoroughly and contact the Volunteer Coordinator with any questions. If you cannot agree to any of these principles, then volunteering in the "See Ya Later" Foundation may not be best for you.

Be Considerate and Respectful

You are working with others as a team so please be considerate of how your actions or contributions affect others. Treat one another with respect. Everyone can make a valuable contribution to the activity as well as to others. We may not always agree, but disagreement is no excuse for poor behaviour or poor manners. We suggest talking to the "See Ya Later" Camp Director off-site or at a later date.

Value the Schedule

Volunteers are expected to be dependable by showing up on time and committing to the entire activity or scheduled task. Contact Volunteer Coordinator of any changes to your schedule.

Follow the Plan

Volunteers are expected to know and follow the plan/tasks to your best ability.

Lead by Example

Volunteers are expected to demonstrate fairness, sportsmanship, fun, and encouragement. Our activities will be free from drugs, tobacco and alcohol products. Profanity or yelling will not be tolerated.

The "See Ya Later" Board realizes that the success of our many events and activities is largely due to our amazing volunteers. We are truly grateful of your precious time and talents given to our cause. We trust that you will be rewarded by your efforts in many ways. Thank you.
